Shareholders' questions and comments for discussion:

Suggestion from a shareholder – Mr. Roman Mego:

The shareholder expressed his concern regarding the construction of a ski lift Chopok – South. He had received comments from friends around the construction of the road built at Chopok – South for cars. The questions that arose were had the Company considered the impact this would have on the environment and had they thought the views of tourists who visit in the summer season.

Reply Ing. Bohuš Hlavatý, Ing. Dušan Slavkovský:

Ing. Bohuš Hlavatý replied that there might have been another way to constructing, using helicopters, however, whether this is more ecological solution, remains a question. Undoubtedly, that would be too costly and time consuming. The chosen method for constructing, which complies with the EIA together with experts for the environment protection concluded that this was a satisfactory way forward.

Ing. Dušan Slavkovský confirmed the Ing. Bohuš Hlavatý's reply and said that such interference is some kind of forfeit we must pay for fast construction where time plays significant role. However, he assured the shareholder that once the construction work is completed, the recultivation and destruction to nature will be minimized.

Question from a shareholder – Mrs. MUDr. Eva Bérešová:

A shareholder asked whether the Company's activities on the Polish market are still probable.

Reply Ing. Bohuš Hlavatý

Ing. Bohuš Hlavatý replied that an offer regarding the privatization of PKL was good, however, offers presented by other applicants were not published and the Company was in fact rejected after the first round.

However, it shall not imply that the Company is not interested in the Polish market; on the contrary, the Company considers other potential investments, since the Polish market potential is enormous.

Question from a shareholder – Mrs. MUDr. Eva Bérešová:

Is the book, published to celebrate 100th Anniversary of the Grandhotel Starý Smokovec, going to be re-printed, since the interest is still very high?

Reply Ing. Michala Kroláka:

The book's reprinting is planned for the end of this year before Christmas or in June next year to celebrate 110th Anniversary of the Grandhotel Starý Smokovec, with possible completion of the book.

Question from a shareholder – Marek Krištof

A shareholder asked a question regarding foreign investments, e.g. investments in Austria, the last year objective.

Reply Ing. Bohuš Hlavatý

The Company showed interest in the Hochkar resort, however, the Company entered into competition too late which put them at a disadvantage in comparison to other participants with higher political support. Other low Austria resorts were assessed by the Company as not attractive enough. The Company builds its model not on one day commuters but on guests who stay longer.
